

### SCHOOL INTERNSHIP

The first year students of B.Ed. and D.El.Ed. returned to the college for classes this month after completing their four weeks of school observation. During their internship they had opportunities to help out in class, take attendance, work with small groups of students, grade student work, assist with lab work and teach lessons. They will now follow this up with a report based on a checklist of typical school activities. Their evaluation will be based on their reports, attendance regularity and their performance observed by their mentors. The second year batches of both B.Ed. and D.El.Ed. students are continuing their Practice Teaching.

### SPECIAL HOUR CELEBRATION

Sri Ranjit Sinha speaking about World Toilet Day

World Toilet Day was celebrated on 19th November as a special hour event. On this occasion our Chairman Mr. Ranjit Sinha showed us a video on the contribution of Tilothu Mahila Mandal in the field of sanitation and hygiene, in the local community and beyond. He also explained the importance of the 'Open Defecation Free' campaign of the Government and how important it is to have toilets in every home.

On 21st November students celebrated World Hello Day in the college by greeting each other in various ways and languages, and discussed the value of appropriate communication in our daily and professional lives.

Radhe Krishna Pal speaking on World Hello Day

Richa Prakash speaking on violence against women

International Day for the Elimination of Violence against Women was observed on 25th November. On this day students discussed the frequent news of atrocities and violence against women in the country. It was concluded that every person should take responsibility to talk and act against sexual discrimination and the violence in any form.

Constitution Day was celebrated on 26th November. On this day a video clip was shown to the students about the making of our Constitution. Later, the students were divided into two groups and a quiz was conducted on the history of the Constitution and important dates and events.

### ADMISSIONS '2020-22'

Bihar School Examination Board (BSEB) Patna has announced that the admissions to the D.El.Ed. course from the 2020-22 session will happen by a statewide Common Entrance Test (CET). Online applications for the CET will be accepted between 5th and 14th December 2019 on the BSEB portal.

For B.Ed admissions to the 2020-22 batch, Lalit Naryan Mithila University, Darbhanga will conduct the CET. Online forms will be available from 5th February 2020.

### AKU INSPECTION

An unannounced inspection was conducted by a two-member team from Aryabhata Knowledge University to obtain first-hand information regarding the conduct of B.Ed. course. They inspected admissions, and the attendance of the students and faculty. They also interacted with our students and the faculty.

At the end of the day they were satisfied with their findings especially the attendance and performance of our students. The report of the inspection will be sent to NCTE and the Governor's Office.

### STUDENT'S ARENA

My Teaching Observation Experience is one that I will definitely not forget, it was truly the experience of a lifetime. My school observation started on 11th October and ended on 16th November 2019. This was for one month which I did not realize how quickly it passed. I did my observation in Amaltas Niketan school. In the beginning I was a little nervous about how I would do all this but as the days passed it became easier for me. My mentor Biru Paksh Sir also helped me a lot.

I learnt so many things from my school observation, especially classroom observation. I saw how teachers manage their classrooms, how a classroom is arranged and how teachers interact with their students and much more. I also talked to the school administrator Ms. Sangeeta Mishra and the school secretary Ms. Ranjana Sinha Madam. I asked about the school management, mission and vision of the school. They are very cooperative and helpful. They talked with me very well. I also got chance to teach during my observation. My first teaching experience taught me a lot about what it means to be a teacher and I learnt a lot about myself as a future educator. I really feel glad for the golden chance to do my observation in such a prestigious institution and excited for the upcoming teaching practice next year.

– Shabana Parween (B.Ed, FY)

In the 21st century the sources of knowledge have totally transformed or we can also say that the perception has totally changed. In ancient times Brahmins were considered the only source of transmitting knowledge. No one at that time could have imagined that things would change to this extent in upcoming times. That even an individual who was ineligible to gain knowledge in the Gurukul can one day become a Guru himself. In today's time education and knowledge is a right of every individual and Government has passed legislation to enable this. In my view point this is a great change towards the creation of a better and happy environment.

– Ramita Rawat (B.Ed, FY)
